

What Global Governance?

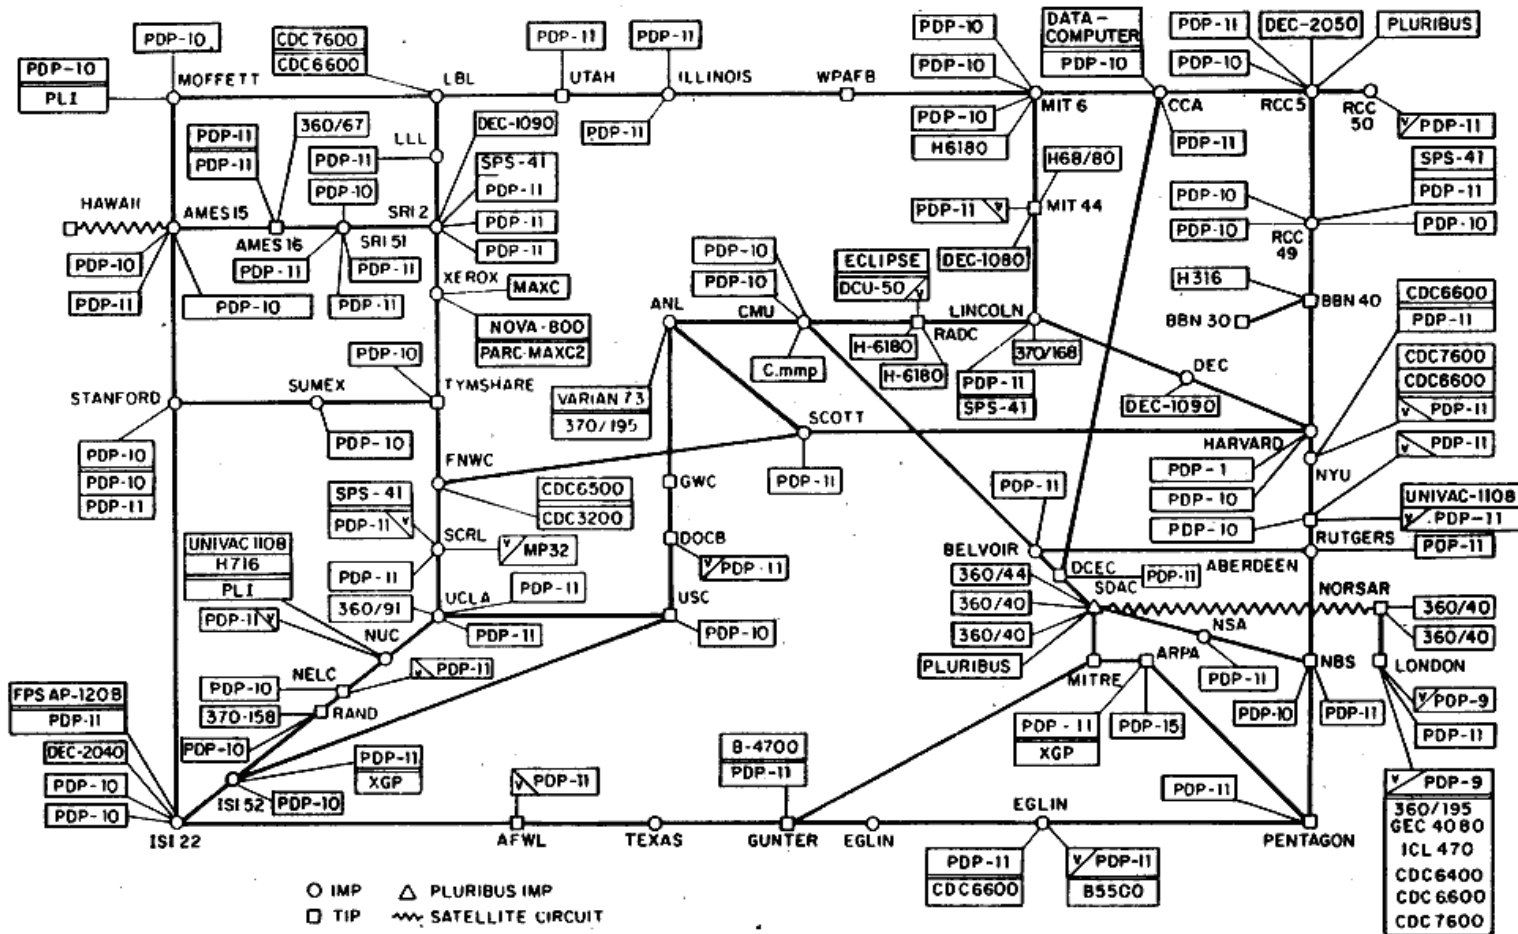

Why our global cyber reliance confounds our
international policy institutions

Welcome to Aransas County!

Aransas County, TX
301 N. Live Oak
Rockport, TX 78382
Main Phone #:
361-790-0101

Comptroller
Leadership
Circle Member

Aransas County is located on the Gulf of Mexico and offers the relaxed, laid back quality of life of a coastal community. Local business includes environmentally friendly industries of seafood, oil production, tourism, sport hunting and fishing, boating and water sports, fine art and sculptures, and bird watching.

The population is three-fold from local residents, summer vacationers and winter residents. The largest and fastest growing population is retirees relocating to the area; many of whom volunteer their time to over one hundred clubs and organizations in Aransas County. Available housing ranges from modest to ultra luxurious residences.

Local governments are strong and creative, merging tax dollars on selected projects to reduce costs, merging services and bringing relief to taxpayers. Sport hunting and fishing exists hand-in-hand with fine art, while bird watching unfolds on nature's coastal stage. While the second smallest county in the state, Aransas County has one of the fastest growing populations in Texas.

Welcome to Stratfor.com

As you may know, an unauthorized party illegally obtained and disclosed personally identifiable information and related credit card data of some of our subscribers.

We are currently investigating this unfortunate event and are working diligently to prevent it from ever happening again. As a result, we have delayed restoring our website until we can perform a thorough security review. Stay tuned for our relaunch.

In the meantime, our main concern is the impact on our customers. As a result, we have provided paid subscribers with identity protection coverage from CSID, a leading provider of global identity protection, at our expense for 12 months.
